

Breast Health Referrals

- DO NOT give out medical advice!
 - If someone asks for medical advice or a dr.'s referrals, you should tell them to ask their current physician or insurance provider.
 - You have to be very careful what information you give out.
 - If the person persists, tell them you are not a medical professional & it is in *their* best interest to talk to a medical professional.
- For referrals, please use the Orange County Breast Health Resource Guide
